

Audio/Video Cables

Professional cables for transmission of audio/video signal

HDMI *Digital Cinema Edition*

Technical data:

- Compatible with HDMI 1.4
- Support of Ethernet Channel (HEC)
- Audio Return Channel technology (ARC)
- 3D image transmission (according to the HDMI 1.4)
- Cable prepared for transmission of highest quality of picture and sound in **4K resolution Digital Cinema (4096x2160)**
- Connectors: HDMI - HDMI (plated with 24 carat gold)
- Throughput: up to 10,2 GB/s
- Connectors with protection against bending and broken away
- Ergonomic, flexible outer jacket
- Insulating cover with a diameter of 5.5 mm
- Excellent shielding through additional layer of aluminium foil
- Cable with copper core
- Length: 2 m

euro-SCART 1.5M

High quality SCART cable for transmission of SDTV signal (audio/video RGB). Cable **euro-Scart 1.5** is perfect solution for traditional home connection with: digital set-top boxes (terrestrial, satellite or cable), DVD players, game consoles. Modern type of the insulating jacket makes this 1.5 meter cable not only extremely flexible, but also extremely durable! **euro-Scart 1.5** has two 21-pin SCART connectors.

Technical data:

- Cable **euro-Scart 1.5** prepared for transmission of traditional SD signal
- Connectors with protection against bending and broken
- Ergonomic, flexible outer jacket
- Length: 1,5 m

Item no.	Name	EAN

0000/3657	Kabel HDMI 1.4 - Digital Cinema Edition 2 m.	4019588036574

iTube CE LTE

Directional antenna for reception of LTE frequency

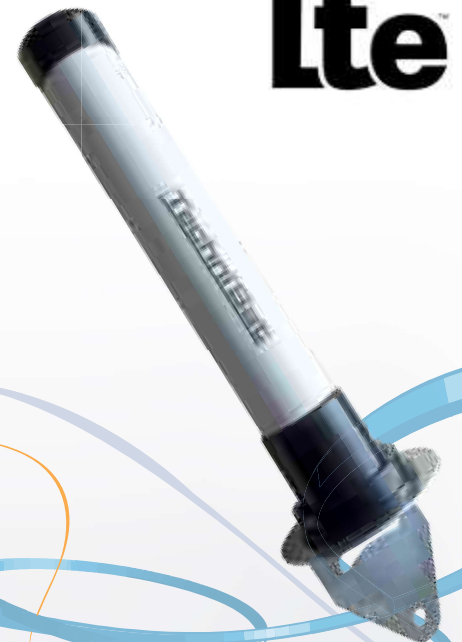

iTube CE LTE - is a outdoor, directional antenna for reception LTE frequency. This antenna has an innovative waterproof housing which allows operation for many years in difficult weather conditions.

Main features:

- High gain
- Waterproof housing
- Adjustable work angle

Technical data:

- Antenna gain: 15 dB
- The standing wave ratio: <1.4
- Half-power beam radiation: 30°
- Polarization: Circular
- Vertical adjusting angle: 50°
- Horizontal adjusting angle: 360°
- Frequency [MHz]: 1800-2100 MHz
- Impedance: 50 Ohm
- Dimension: 45x12 (W x H)
- Connection type: SMA
