

SkyLine CE single/twin/quad/quattro/octo

Digital satellite LNB suitable for 1, 2, 4, 8 users

Sky-Line

Technical data

- Number of users:
Single: **1** / Twin: **2** / Quad: **4** / Quattro: **multiswitch** / Octo: **8**
- Gain: **60 db**
- Number of outputs:
Single: **1** / Twin: **2** / Quad: **4** / Quattro: **4** / Octo: **8**
- Type of output connection: **F** (75 Ohm)

Power supply and energy consumption

- Vertical polarization: 10,5 - 14 V
- Horizontal polarization: 16 - 20 V
- Current energy consumption:
Single: **80 mA** / Twin: **190 mA** / Quad: **190 mA** / Quattro: **180 mA** / Octo: **200 mA**

LOF (Local Oscillator Frequency)

- Low band: 9,75 GHz $\pm$ 3MHz
- High band: 10,6 GHz $\pm$ 3MHz

Advantages SkyLine CE HD

- Complete SAT frequency range
- Simple installation
- Low noise level
- Low power consumption
- LNB made in EcoTec technology
- High quality housing resistant on difficult weather conditions

Item no.	Name	EAN
0000/7800	SkyLine CE HD Single	4019588078000
0000/7882	SkyLine CE HD Twin	4019588078826
0000/7980	SkyLine CE HD Quad	4019588079809
0000/7880	SkyLine CE HD Quattro	4019588078802
0000/7888	SkyLine CE HD Octo [NEW]	4019588078888
