

TechniDish 80

Satellite dish

TechniDish 80

Technical data:

- Rated measurement: 0,80 m
- Material: steel (galvanized)
- Material strength: 0,6 mm
- F/D: 0,67
- G/T: 14,5 db/K
- Gain: 37,4 dB ; by 11,3 GHz
- Offset: 27 °
- Noise factor: 0,82 dB max.
- Feed reception: 40 mm
- Weight: 3,61 kg (without LNB)
- Colour: graphite and beige (applied by powder)

Available models:

1. without LNB (graphite and beige)
2. with Single LNB (graphite and beige)
3. with Twin LNB (graphite and beige)

DuoBlock CE HD - multifeed adapter

Practical handle, dedicated for antennas TechniDish 80. DuoBlock CE HD allows quick and easy expansion of home reception installation for a second satellite position, e.g. Hotbird 13 ° east + Astra 19.2 ° east. This useful mounting, made of high quality plastic and galvanized steel exhibits high resistance to low temperatures. Adapter DuoBlock CE HD, thanks to unique multifeed mount allows on reception of two satellite position in range 7°.

Technical data:

- Range: 7°
- PVC mounting adapter high resistant to low temperatures
- Feed reception: 40 mm
- Made of high quality plastic and galvanized steel
- Dedicated for antennas TechniDish 80 (arm dimensions 31x21mm)

Item no.	Name	EAN
